MILK MARKETING BOARD MOVE TO NEW MILK ACCOUNTING AND REGULATORY SYSTEM SCHEDULED FOR OCTOBER 5, 2022

Over the past several years the Board has worked on modernizing the Milk Accounting and Regulatory System (MARS). We have reached the final stage and the release date for the new MARS is October 5, 2022.

The new system will offer Licensees on-line services to include:

- Submitting new license applications
- Submitting license renewal applications
- Payment of monthly and annual fees by credit card or electronic check
- Submitting PMMB62 milk dealer monthly reports

The new system will utilize the secure Greenport dashboard powered by PA Keystone Login. This is the same system you may be using for online services offered by the Department of Environmental Protection, the Department of Conservation and Natural Resources, and the Pennsylvania Department of Agriculture.

Over the coming days you will receive additional information on how to access the new system.
