**RE: PMMB January 2024 Resale Price Day Announcement
Request for it to be announced earlier on Dec. 14, 2023**

Dear Chairman Barley:

The Pennsylvania Milk Marketing Board (PMMB) Staff received a request from the Pennsylvania Association of Milk Dealers (PAMD) to reschedule the January 2024 resale price day from December 21, 2023, to December 14, 2023.

On behalf of Staff, I recommend the Board approve said request.

Pursuant to Official General Order (OGO) A-978, the Board has the authority to reschedule resale price announcement dates for good reason related to industry practicality.

PAMD stated that it would be helpful to Pennsylvania milk dealers because of the holiday season if PMMB reschedule the resale price announcement date in December to an earlier date.

The Board has approved similar requests to reschedule resale price days in the past and made it an official action at a Sunshine meeting at least 7 days before the rescheduled price announcement date.

Therefore, Staff recommends the Board grant the request to reschedule the January 2024 resale price day to the 14th day of December, 2023 and make it an official action of the Board at the upcoming Sunshine meeting on October 4, 2023.

Respectfully submitted,

/s/ David Kuznia
